Container size	0.50 kg
Weight	0.500 kg
Type	filler

Description

MIPA Primer Filler "Quick-Primer Spray"

1-component primer, for spot repair or as thick-film filler

Designed specifically for small repairs and sanding points. Due to its very smooth course, no further intermediate sanding in the area of the spray mist zone is required. Can be painted directly wet-in-wet and adheres to iron, steel, zinc, aluminum and most plastics used in the automotive sector (PU, ABS, PC and PS - if necessary, carry out a test coat).

Note: Do not use on thermoplastic substrates!, **500ml spray can**, dark grey
