Description

Want to cruise to work in the morning without rushing and go for a quick ride in the evening? The "Nyvon 8.0" is the perfect fit for your urban, active lifestyle. The full-carbon frame is lightweight and stiff, with plenty of clever mounting points for luggage solutions–ideal for discerning commuters. Range Extender-ready, an integrated Stem and Saddle Clamp, and a front headlight make this bike perfectly suited for everyday use.

The geometry puts you in a compact, slightly stretched riding position–efficient pedaling, responsive handling. The combination of a short reach, balanced stack, and steep seat tube angle delivers sporty dynamics, while the wheelbase and Chain Stays combine smooth riding with agility.

The Bosch mid-drive motor delivers plenty of power with 60 Nm of torque in eMTB+ mode. The Shimano 10-speed drivetrain and hydraulic disc brakes ensure precise shifting and reliable control in any situation.

,

Technical data

Battery capacity	400.0 Wh
Colour designation	black matt
Main colour	black
Gender	gents
Gears	10-speed
Type	allroad
Wheel size	28 "
Material	carbon
Engine power	250 W
Frame height	48 cm
Weight	14.200 kg
Stem length	100.0 mm
Permissible system weight	130 kg
Chainstay	440 mm
Toptube	550 mm
Wheel distance	1050 mm
Reach	389 mm
Seat tube	480 mm
Seat angle	74.5 °
Stack	582 mm
Steering tube	135 mm
Steering tube angle	71.0 °
Standover height	800 mm
