Technical data

Mounting	left and right (pair)
Main colour	black
Form	ergonomic
Material 1	rubber
Weight	0.080 kg
Technology	dual density

Description

The Herrmans "Shark Fin Dual Density" grip offers a high level of comfort on your rides. With a length of 130 mm and made of Kraton rubber (TPE), this ergonomic grip adapts to your needs thanks to its adjustable grip position. The grips are plasticizer- and latex-free, making them particularly skin-friendly. The dual density ensures optimum grip and control so that you can enjoy every ride safely and comfortably.
