EVP:	**110.00 €**

Technical data

Amount of chain rings	non
Main colour	black
Crank length	165.00 mm
Material 1	aluminium
Weight	0.498 kg
System compatibility	E-drive
Bottom bracket	Isis drive
Variation	crank arm set

Description

The SRAM Eagle 90 Transmission Crank Set is designed for E-MTBSs with ISIS-Drive and is fully compatible with SRAM and Brose mid-drive motors. The robust aluminum crank arms are designed for maximum durability in trail use and - depending on the variant - have a self-removing M15 screw that makes maintenance easier.
As is usual with this model, the chainring, Crank Spider and Bottom Bracket are not included so that the Crank Set can be flexibly adapted to different e-bike setups.
