

Product data sheet

COREXX Antifreeze "Standard G11"

Description

COREXX radiator protection "Standard G11"

Concentrate, down to -38 °C, blue, nitrite-, amine- and phosphate-free

Radiator protection agent based on monoethylene glycol for summer and winter operation (year-round use). Protects all cooling system components made of aluminum, light metal and cast iron engines (observe manufacturer's instructions) against corrosion, prevents cavitation damage, e.g. to the coolant pump. It is compatible with paints, tubes and dust seal materials.

Note from the manufacturer on the duration of use:

Depending on the vehicle type and manufacturer, the contents of the cooling system should be replaced every 2 to 3 years., **20 l canister**

Article number:	40617573
Original number:	40617573
EAN:	4003502491976
EVP:	141.25 €

Technical data

Design	additive
Range	cooling system, frost protection
Width	23.0 cm
Main colour	blue
Frost protection up to	-38.0 °C
Container type	canister
Height	39.0 cm
Content	20.0 l
Type	vehicle, truck, commercial vehicle, oldtimer
Fuel-efficiency (A-G)	fuel, diesel, gas
Length	29.0 cm
Weight	20.000 kg
Specification	G11
