### Description

#### The Universal Bracket

The "Universal Handlebar Adapter" is the foundation for all KLICKFIX bags, baskets, and Map Holders. You can quickly and securely click the desired accessory onto the sturdy, fiberglass-reinforced Handlebar Adapter, and with a single press of the red Taster, the accessory can be removed again. Thanks to the patented cable tensioning system, the Adapter stays absolutely twist-proof and firmly attached to the Handlebars, even with heavy bags. The "Universal Handlebar Adapter" includes two standard clamps for handlebars with a diameter of 22 to 26 mm and two oversize clamps for handlebars with a diameter of 31.8 mm.
