Article number:	03700192
Original number:	8909
EAN:	4250311359519
EVP:	**10.95 €**

Description

For Professional Drivetrain Repairs
To remove the cassette, you'll need not only a cassette puller socket but also a Cassette Remover or a ceiling hanger. The CONTEC Cassette Remover is the ideal complement to the cassette puller: The chain of the Cassette Remover is looped around the largest sprocket. This allows the cassette to be held in place while the lockring is loosened with the appropriate socket.

The CONTEC tool is suitable for all cassette sprockets with up to 9 speeds and is essential for professional drivetrain repairs on bikes.

Technical data

Design	sprocket
Main colour	black
Secondary colour	silver
Material	steel
Weight	0.310 kg
Use	sprockets
