Description

Rear Kickstand AX from HEBIE
A Rear Kickstand like the "AX" from HEBIE is what makes a bike suitable for everyday use. At the latest when you park it, you would miss it without a bicycle stand, fence or lamp post nearby. But you could be happy every time you handle heavy panniers on the rack, because the stand absorbs the heavy weight of the rear triangle in a particularly stable manner. It fits city and trekking bikes in sizes 26", 27.5" and 28" and is made of steel. Depending on the bike size and the desired angle of inclination, the length of the "AX" can be flexibly adjusted.
The stability of the "AX" is extremely well balanced in terms of quality and durability in relation to price and ease of use.
