Product data sheet

BASIL Twin Bag "Soho Nordlicht"

Article number:	08398828
Original number:	18076
EAN:	8715019180767
EVP:	**144.99 €**

Technical data

Design	double bag
Width	13.0 cm
Features	waterproof
Colour designation	right black
Main colour	black
Height	37.0 cm
Length	31.0 cm
Material 1	polyurethane (PU)
Pack capacity	41.00 l
Weight	1.696 kg

Description

Traveling in style
SoHo Nordlicht - two words that hide two completely contrasting characters. While SoHo is the name of probably the most exciting district in Manhattan, Northern Lights is much more reminiscent of tranquil Scandinavia. This twin bag from BASIL is definitely suitable for both destinations.

The clean and minimalist style alone makes this bag a winner across the board. When you touch the Bag, you will notice that it feels very soft. This is because it is made from matt PU material and is therefore waterproof (IPX3).

With 41 liters, the Twin Bag has plenty of storage space to equip yourself with an extensive survival kit for a bike trip to the most remote areas of Scandinavia. It is closed with a roll-top fastener, which is attached to the sides with press buttons, and an additional snap lock.

For maximum safety, the Bag is equipped with Nordlicht Technology. This means that the bags are fitted with integrated LED strips (batteries sold separately). This extra does not replace the legally required bicycle lighting.

Thanks to the Universal Bridge System, this Twin Bag can be easily attached to the Carrier. Either using the pre-assembled straps, in combination with the BASIL DBS system or with an Adapter Plate from MIK or Racktime.
