VICTORIA Children bike "EQOLA 1" Mod. 24

Description

A confident companion on the way to school

The "EQOLA 1" from VICTORIA complies with all road traffic regulations to ensure that children get to school safely on their bikes. However, it is also so robustly equipped that it is fun to ride with the whole family on forest and country paths. The 3-speed hub gear is a confident companion.

With its coaster brake, it offers the familiar braking function that children usually know from their first bikes. The powerful V-brakes, which are operated by hand, provide additional support. Reflective Stripes on the Tires, the 15 Lux bright Front Light and Rear Light (Hub Dynamo) increase visibility in the dark and generally in traffic. Thanks to the parking light function, kids can even be seen if they have to stop unplanned or wait at traffic lights.

They can conveniently clamp their Sport Bag onto the aluminum Carrier or carry their school bag in a Basket. Fenders and the chain boxes protect the trouser legs from stains caused by splashing water or chain grease.

The developers at VICTORIA have dispensed with a Suspension Fork for good reason: With the low rider weight, it simply cannot fulfill its purpose comprehensively. However, the rigid fork ensures more direct steering behavior. The damping comfort, on the other hand, is provided by the wide tires for riding on cobblestones and forest paths.

Technical data

Features	hub dynamo, chain guard, fender
Colour designation	lime yellow
Main colour	green
Gender	children
Gears	3-speed
Type	children bike
Wheel size	20 "
Material 1	aluminium
Frame height	30 cm
Weight	12.400 kg
Permissible system weight	60 kg
Chainstay	360 mm
Toptube	450 mm
Wheel distance	860 mm
Reach	305 mm
Seat tube	320 mm
Seat angle	72.0 °
Stack	447 mm
Steering tube	140 mm
Steering tube angle	70.0 °
Standover height	532 mm
