Description

Smartphone Bracket

If you want to be guided on tour by your smartphone as a navigation device, you need a secure bracket like the "Smartphone Bike Mount" from THULE. It holds the smartphone on the rubber-coated base, thanks to the rubberized side clamps and also thanks to the rubber bands on all corners. Whether upright or horizontal, both are possible.

The bike mount is suitable for smartphones with maximum dimensions of 8.9 cm x 1 cm x 17 cm. It can be easily attached to the "Single Handlebar Adapter" (included in the scope of delivery).
