

Product data sheet

CONWAY Electric SUV "Xyron SUV 4.0" (#2)

Description

Sporty riding without sacrificing comfort - this is exactly what the "Xyron SUV 4.0" was built for. The full suspension with 150 mm travel at the front and rear ensures a relaxed Slider over asphalt, forest trails and through rougher terrain. The geometry puts you in an active, yet ergonomically balanced

You sit slightly forward, with direct control of the Handlebar and efficient pedaling.

The Bosch mid-motor with 800 Wh Battery provides you with powerful support up to 25 km/h. The Shimano "Deore" 12-speed drivetrain offers precise gear changes, while the hydraulic Disc Brakes ensure reliable deceleration. The combination of a short Stem, flat steering angle and long wheelbase ensures confident handling - even at speed or with luggage.

With Fenders, clever frame integration and features such as HTM 2.0 front carrier mount, BCM module and Range Extender ready, you are equipped for everything - from daily commutes to weekend tours.
