

## CONTEC Rotor "CDR-CLE"

### Description

#### CDR-CLE" brake rotors from CONTEC

Always a safe and reliable choice: Disc Brakes. The "CDR-CLE" brake rotors from CONTEC fit seamlessly into this selection. Whether it's for sporty downhill use on an MTB or for city traffic - this sturdy brake rotors does a good job in any case. It works efficiently even with frequent and intensive use, even on an e-bike.

The Centerlock brake rotors consist of two parts: a stainless steel rotor and an aluminum Spider. This design makes the rotor particularly quick and easy to install. The CONTEC development experts have designed the rotor to be both lightweight and durable. In addition, the two-piece design ensures optimized heat dissipation, which prevents the dreaded brake fading (loss of braking effect) and thus increases the service life of the brakes. Attention: The Lock Ring is not included in the scope of delivery.
