Article number:	02920003
Original number:	KHA261003
EAN:	4251971168411
EVP:	**3999.00 €**

Description

Whether on your daily commute to the train station or for short trips around town—the Victoria FYLGRAN 3 always cuts a fine figure. Thanks to its compact folded dimensions (88x77x38 cm), it can easily be taken on the train and stowed away in a nook at home in the evening. To maximize space savings, not only is the Frame foldable, but so are the pedals. The handlepost is height-adjustable.

If you ever want to venture beyond the city limits, the new Bosch Smart System Performance engine provides confident assistance. It's powered by the Bosch "PowerPack 545," which has enough energy for day trips.

The Gates straps transfer power from your legs and the engine directly to the rear wheels. Especially valuable for commuters: the straps are resistant to moisture and dirt and can be easily cleaned with water. It also requires virtually no maintenance, as it runs without Chain Grease—which, by the way, also means your pant legs stay clean. The shifter handles Shimano's proven 5-speed "Nexus" hub gear system—with the option to choose between freewheel and coaster brake. The hydraulic disc brakes provide additional safety.

New are the SCHWALBE "Super Moto X" tires, which give the FYLGRAN in the 62-406 configuration a sturdy look that suits the compact bike well.

And there's another difference compared to the FYLGRAN 1: once the Bosch eFlow app is downloaded, you can fine-tune the response of the different assistance levels—either making them even more intense than the factory settings or particularly energy-efficient for maximum range. Navigation apps like Komoot or Strava are also compatible with the eFlow app, so city trips in unfamiliar places won't end up in the middle of nowhere.

Technical data

Battery capacity	545.0 Wh
Features	frame lock, system carrier, deep entry, chain guard, electronic sliding aid, fender
Torque	75 Nm
Colour designation	blackberry violett
Main colour	purple
Gender	unisex
Gears	5-speed
Type	folding bike
Wheel size	20 "
Material	aluminium
Engine power	250 W
Frame height	45 cm
Weight	23.300 kg
Permissible system weight	120 kg
Passage width	201 mm
Access height	380 mm
Chainstay	434 mm
Toptube	622 mm
Wheel distance	1133 mm
Reach	483 mm
Seat tube	457 mm
Seat angle	73.0 °
Stack	455 mm
Steering tube	190 mm
Steering tube angle	70.0 °
