EVP:	**35.95 €**

Description

MERGE Trekking Bar Grips by CONTEC Grips play a major role in ensuring the most comfortable cycling experience possible. Factors such as the material are particularly important when making a purchase decision. CONTEC manufactures its MERGE Trekking Bar Grips out of rubber. Bumpy terrain and potholes in the road cause jolts that can be painful to the wrists. Rubber stands out for its shock-absorbing properties. The synthetic material is also weather-resistant and durable.
The CONTEC MERGE Trekking Bar is sold in pairs.

Technical data
