Description

Crank Set Magan 3 from STRONGLIGHT
The Crank Arm Set from STRONGLIGHT has a length of 170.0 mm. Because the cranks are made of aluminum, they last particularly long and save weight. It fits the isis Drive bottom bracket of your bike. This set cuts a fine figure on both bikes and e-bikes. The addition "e-bike-ready" means that the part can also withstand the higher forces on pedelecs.
