

SHIMANO System Pedal "PD-EH500"

Description

System Pedal from SHIMANO

Tired of slipping off the pedals on steep bends or difficult terrain? The PD-EH500 from SHIMANO is a System Pedal that creates a fixed connection between the Pedal and a special shoe to counteract this.

The body and frame of the Pedal are made of aluminum. The material impresses above all with its weather resistance. Shoes with the SHIMANO SPD system can be used in combination with this pedal.

Article number:	07362528
Original number:	EPDEH500
EAN:	4524667866312
EVP:	86.95 €

Technical data

Design	system road
Main colour	black
Bearing type	sealed bearing
Housing material	aluminium
Frame material	aluminium
Weight	0.441 kg
System	on one side
