

SRAM Crank Spider "AXS"

Article number:	03336278
Original number:	00.3018.229.000
EAN:	710845825583
EVP:	494.00 €

Technical data

Main colour	black
Material 1	aluminium
Weight	0.200 kg

Description

Powerful measurement technology for powerful performance

Increase your performance and measure it at the same time - the QUARQ "AXS" Crank Spider with integrated Crank Spider Powermeter does it for you. The proven measuring technology is suitable for the "Force AXS" 12-speed crank and fits beautifully into the DUB crank shafts. The power is measured on the left crank arm, which you can evaluate in the "AXS" app after the race or training ride. All eight hexagon socket T20 Screws required for installation are included in the scope of delivery.
