QiO Electric cargo bike "Long P9" (#1)

Description

The "Long P9" from QiO is your reliable companion for everyday life and family - as the entry-level model in the Long range, it offers you maximum functionality in a compact space. With 20" wheels and an extended Bike Carrier, it is ideal for transporting shopping or luggage and carrying children or adults. The robust aluminum frame construction allows a permissible total weight of 200 kg.

The Bosch Performance Line engine with Smart System provides powerful support up to 25 km/h. The 1x9-speed Shimano derailleur ensures precise gear changes - especially when fully loaded. The chain drive is efficient and easy to maintain, while hydraulic 4-piston disc brakes guarantee safe and reliable braking performance in all weathers. The rear lights impress with their brake light function, which also warns following cyclists of spontaneous delays.

The "Long P9" is perfect for anyone who wants to transport more and take more with them. Maybe even want to do without a car altogether. The compact size and motorized support ensure easy handling.
