

CONTEC Saddle "Classic Exclusiv Sport"

Description

Stylish retro design, comfortable & durable

Suitable for an classic bikes or city and touring bikes in a retro design, the CONTEC saddle "Classic Exclusiv Sport" impresses with its classic look - a good choice for cyclists who want a timeless vintage leather saddle. The saddle cover is made of leather. Leather saddles are characterised - when broken-in- by a high level of seating comfort.

The leather adapts to the anatomy of the rider as the ridden distance increases. Well maintained, a leather saddle is durable for a long time and is for many years a loyal companion for city trips or weekend tours. The smooth surface of the 280 x 155 mm large and around 558 g real leather saddle supports a comfortable riding feel.

The rails made of chromium-molybdenum steel do not require a plain seatpost clamp and are suitable for mounting on a modern seatpost. Saddle bags for tools or a cover can also be attached to the saddle. A rain cover is recommended, which protects the surface of the high-quality saddle in bad weather. The CONTEC leather saddle is available in various colour variations.
