Product data sheet

fi'zi:k Over Shoe "Winter"

Article number:	08147118
Original number:	FZSCWP 1094 L
EAN:	8058364011295
EVP:	**59.00 €**

Technical data

Features	insulated, reflective, breathable, elastic
Main colour	black
International size	L
Weight	0.178 kg
Type	normal

Description

No cold feet in winter
Warm, waterproof and efficient: FIZIK developed the "Winter" Over Shoe together with professional road cyclists for optimum performance during the cold season and in wet conditions. It is extra thick and breathable for perfect protection. It also has an elastic design and a reinforced heel area.

The Over Shoe provides a high level of comfort and safety, especially in wet conditions. It is made of waterproof and windproof upper material. Its thermally taped seams and waterproof zipper also ensure that nothing gets through.

The outsole is rubberized so that your feet have better grip on the pedals. The reflective FIZIK logo on the Over Shoe also has a welcome effect. This makes you more visible in the dark and in poor visibility conditions.
