

SHIMANO Chain "HG40"

Description

8-, 7- and 6-speed Hyperglide Chain from SHIMANO

SHIMANO manufactures its HG40 Hyperglide Chain especially for sporty use. It looks great on your road bike or MTB.

The HG40 is suitable for 8-speed, 7-speed and 6-speed drives. Hyperglide stands for SHIMANO chains that shift particularly smoothly - even under high loads. As the chain with its 116 links is made of steel, it is particularly hard-wearing.

In order to be able to close the chain properly, a Connecting Link is included in the scope of delivery, which connects the two loose ends.
