

Product data sheet

CONWAY Electric MTB full suspension "Xyron ST 10.0" (#3)

Description

A trail doesn't have to be high-alpine to challenge a bike. The Xyron ST 10.0 is right at home on long forest trails, rough gravel, tight turns, and climbs that lose their intimidating edge with e-assist. The full-suspension design with 150 mm of travel offers excellent damping combined with precise ground contact. Ready for after-work rides, technical sections, and that grin after the last turn? A Xyron with an edgy, modern trail aesthetic.
