Description

A Practical Everyday Companion
Whether you're just popping over to the post office, running errands, or heading downtown for a coffee date—the Excelsior "Touring ND" is made for exactly these kinds of short trips around town. With its familiar upright riding position and all the practical Accessories, it makes your hectic daily life in the urban jungle a whole lot easier.

When it comes to the drivetrain, the choice is yours: The "Touring ND" is available either with the tried-and-true 3-speed Shimano "Nexus" or as a minimalist singlespeed version with just one gear—both featuring a classic coaster brake. If you prefer a bike that's a bit faster and offers direct feedback, the 1-speed Hub is the right choice for you. The 3-speed version is better suited for a classic riding experience.

To round out this everyday-ready package, a Carrier is, of course, a must. You can load it with up to 25 kg—either as-is or with matching bags and baskets. In the dark, you can rely on the high-quality 30-lux lighting from Contec, powered by the Hub Dynamo. Of course, parts like fenders, a chain guard, and a Kickstand are included.
